

ONLINE SAFETY TRAINING

If you're an employer with several remote locations, need employee training on an individual basis, or want to provide training sessions in a classroom setting, IMA Trainer online is the perfect solution.

Each course provides in-depth information in an interactive format complete with narratives, statistics and quizzes. With courses averaging less than an hour, employees stay engaged in the topic while still getting the most important and valuable information. The courses offered are relevant and filled with up-to-date information.

CONSTRUCTION

- Aerial Lifts
- Asbestos Awareness
- Basic First Aid
- Basic Rigging
- Cold Stress
- Confined Space Hazards for Construction*
- Electrical Safety Lockout/Tagout for Construction*
