

New Program for Teens 14-16 Summer 2019

What is the Young Leaders Program?

Young Leaders is a new program in Broomfield designed for energetic teens ages 14-16 who want to develop leadership skills while working with kids in the Camp Explorer Program.

How does it Work?

We will select 10 teens to participate in the Young Leaders program. Participants will go through a variety of training to help them build skills that will make them effective leader, active community members, and offer a meaningful field experience.

What do Young Leaders do?

Our Young Leaders will assist camp staff in various areas including; assisting with supervision of campers, leading games and activities, and being positive role models. Participants will meet weekly with camp directors to learn new skills that can be applied while at camp.
