

EXCESS SIZE AND WEIGHT FREQUENTLY ASKED QUESTIONS

1. How do I know if I need an Excess Size Permit?
 - a. Certain weight restrictions apply to Broomfield roadways. Vehicles that are transporting loads on Broomfield roadways that are over 36,000 pounds, having two axles or 54,000 pounds, having three or more axles. Also, any vehicle 8 feet six inches in width, or 13 feet in height, or 45 feet in length require an oversize overweight permit. See www.broomfield.org/engineering for the Excess Size and Weight Permit.
2. Is there a cost to an Excess Size Permit?
 - a. Single Excess Size is \$50 per vehicle per application
 - b. Fleet Excess Size is \$500 for 10 vehicles and \$50 per vehicle over 10 vehicles
3. What if I have multiple vehicles going to the same location? Can I include them all on one permit?
 - a. For 9 or less vehicles, single permit applications need to be filed for each vehicle. For 10 or more vehicles, one permit application with a spreadsheet listing all the vehicles needs to be filled out and attached to the permit submittal.
4. What's the turnaround time frame for a permit request?
 - a. Any ESW permit submitted to the engineering permit in box **BEFORE** 8AM will be considered and processed the same business day with a moving date two days after.
 - b. Any ESW permit submitted to the engineering permit in box **AFTER** 8AM will be considered and processed the **next** business day and the moving date would be two days after processing date.
 - c. Any weekend or observed City & County of Broomfield holiday does **NOT** count as a business day.

For Example:

- A permit that is submitted at 11AM on Friday would be processed Monday morning and the earliest the move could occur would be Wednesday
