

Residential Concrete Rebate Program (RCRP) Criteria:

Timely removal and replacement of damaged concrete is the goal of the residential concrete rebate program. Eligible RCRP hazards and damage include (click on the link for an example):

- [Grade separations](#) that create a 'lip' exceeding ½”
- [Grade depressions](#) that exceed 1” in a 10’ section
- [Buckled concrete](#) segments that exceed 1” in a 10’ section
- [Cracks](#) that exceed ¼” width
- [Multiple cracks](#) that exceed ½” in combined width within one concrete segment
- Any concrete section that [holds ⅜” of water](#) in a minimum of one square foot area (birdbath)
- Any concrete section that has [50% of surface spalling](#) (crumbling) or more
