

Grow Community

with Broomfield Library, Arts,
History & CSU Extension

Our vision is a thriving and connected community where all belong.

**As collaborators,
we create
welcoming spaces
for opportunity,
growth, trust
and connection.**

You are invited to grow with us!

The Broomfield Library, Arts, History & CSU Extension Department is a connector and convener for the community, offering arts, history, horticulture, children's, teen, senior and general programs alongside physical and digital resources.

These programs and services provide opportunities for new residents to make friends and learn about their home and for long-time residents to tell their stories and grow their impact in the community.

Broomfield is Colorado's fastest growing county and department facilities are stretched to meet the demands of that growth. The facility master plan completed in 2021 suggests the need for a remodel of the current building and construction of a new building in northern Broomfield. The completion of these projects will add a full service library to serve our growing community as well as flexible spaces for performing arts, skill development and community gathering.

The soil is rich for growth and we're excited to continue cultivating a thriving and connected community where all belong!

Sincerely,
Kathryn Lynip
Director of Library, Arts,
History & CSU Extension

Grow Your...

Garden: Learn gardening tips from Colorado State University Extension Master Gardener volunteers who answer over 600 questions each year.

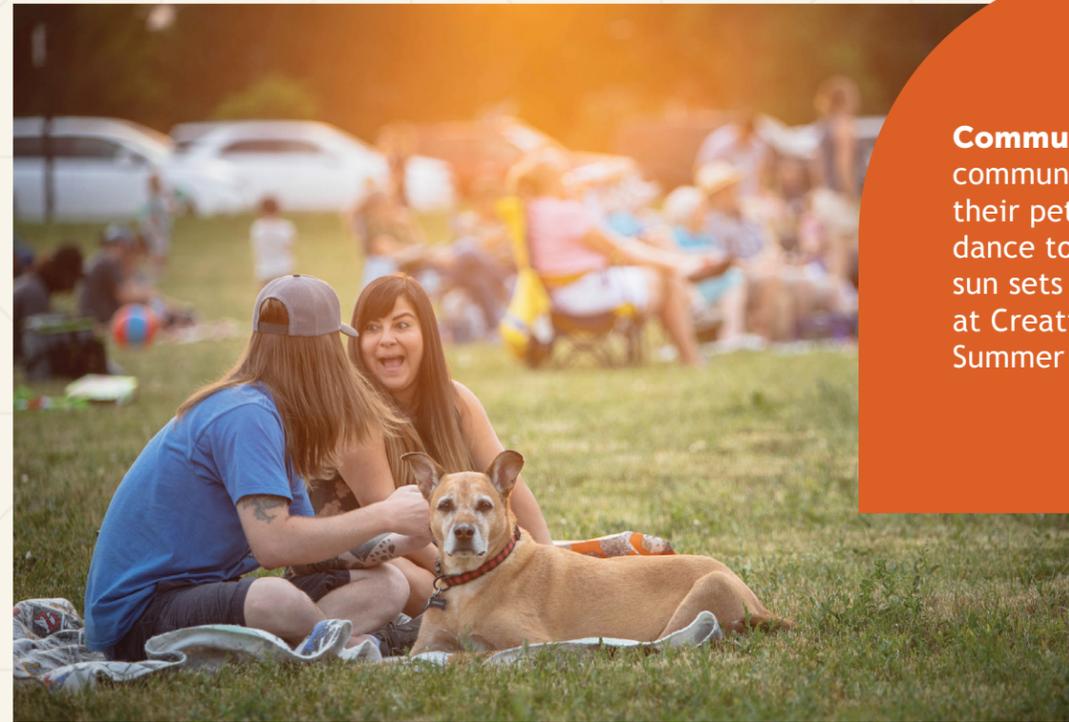

1.

2.

Skills: Make your creative vision a reality at the inventHQ makerspace. InventHQ receives more than 9,000 visits every year.

3.

Community: Join other community members and their pets to listen and dance to live music as the sun sets over the Flatirons at Creative Broomfield's Summer Concert Series.

3.

The City and County of Broomfield

The current Library and Auditorium facility was built in 2001 when the population of Broomfield was 41,386. The facility now serves a city of 75,325. By 2040 the city is expected to reach 100,000 residents. As our community grows, there is an increasing need for gathering places.

FULL SERVICE FACILITY

- Broomfield Library and Auditorium, Aeroptic Tower Garden**
3 Community Park Road

DEPARTMENT ENGAGEMENT SITES

- Broomfield Depot Museum and Honey House**
2201 W 10th Ave.

GROW YOUR...

Relationships: The Broomfield Library is a Family Place Library committed to strengthening families through building relationships and trust.

2.

-  CSU Extension
-  Library
-  Arts & History
-  All divisions

Opportunity: Learn a new language, complete your high school diploma or sit back and enjoy a movie with your family with digital resources from the library.

4.

Impact: Department volunteers contribute 3,000+ hours annually answering gardening questions, leading book groups and cataloging museum artifacts.

1.

3.

Space: A 280-seat auditorium, study rooms, public computers and garden paths make Library, Arts, History & CSU extension spaces a welcoming place to spend the day.

Fun: The Broomfield Auditorium is a welcoming space that hosts 165 community events each year from youth dance performances to original plays to orchestral concerts.
