## ONE BOOK ONE BROOMFIELD AUTHOR TALK WITH ANGIE KIM

Thursday, Nov. 6

The Broomfield Library, Arts and History Department is thrilled to welcome Angie Kim, author of "Happiness Falls", for the 2025 One Book One Broomfield Author Talk! "We didn't call the police right away." Those are the electric first words of this extraordinary novel about a biracial Korean American family in Virginia whose lives are upended when their beloved father and husband goes missing. Full of shocking twists and fascinating questions of love, language, and human connection, "Happiness Falls" is a mystery, a family drama, and a novel of profound philosophical inquiry. With all the powerful storytelling she brought to her award-winning debut, "Miracle Creek," Angie Kim turns the missing-person story into something wholly original, creating an indelible tale of a family who must go to remarkable lengths to truly understand one another. This program is free and seating is first come, first served until capacity is reached. Books will be available for purchase. The author talk will be followed by a Q&A and book signing with the author. Visit [Broomfield.org/OneBook](https://Broomfield.org/OneBook) for more information about the One Book One Broomfield program.

In honor of the 50 year anniversary of the groundbreaking work of Project Children, the Broomfield Library is proud to bring Anthony Massey, author of Mountains for Peace and Colorado coordinator for Project Children, for a presentation on his life and work with the organization, as well as a screening of the documentary How to Defuse a Bomb: The Project Children Story. “Narrated by Liam Neeson, How to Defuse a Bomb: The Project Children Story tells the extraordinary story of how the Project Children charity worked to bring Irish children to live with host families for a six week summer respite from the everyday violence and strife of The Troubles. Over the next 40 years, Project Children would go on to impact the lives of over 23,000 Catholic and Protestant children, showing them that a non-violent life was possible and how tolerance, understanding and communication can lead to life-long friendships.”
